THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON 7, ALBERTA

AUGUST 28, 1969

## DEADLINE EXTENDED FOR NOMINATIONS

The Advisory Committee for the Selection of a Vice-President (Academic) has agreed to extend to Friday, September 12, the deadline for suggestions from students and academic staff of persons who could be considered for the office of Vice-President (Academic).

Suggestions of the names of persons who are qualified, and who might be willing to allow their names to be placed before the Committee, should be sent to JOHN NICOL, Secretary to the Committee, 301 University Hall. The envelope should be marked "Confidential."

A curriculum vitae of the nominee, and a statement of why he would be suitable for the appointment, should be included.

It is not necessary at this point to obtain the nominee's consent, since the matter will continue to be treated in confidence; but the curriculum vitae should be organized under the following headings, to enable comparisons to be made with other candidates:

1. Biographical summary
2. University appointments and associated responsibilities
3. Service to provincial and federal government agencies
4. Professional activities
5. Technical publications
6. Non-technical publications
7. Speaking engagements
8. References.

## CORRECTION

It was incorrectly stated in FOLIO for July 24, 1969, that the appointments of A. G. MCCALLA (as Acting Vice-President, Academic) and HENRY KREISEL (as Acting Dean of Graduate Studies) are for one year's duration.

Their terms are in fact not definite; they extend to the date a permanent Vice-President (Academic) will take office.

## CONTRACT AWARDED

The contract for the Central Academic Building has been awarded to Christensen and MacDonald Construction, Limited, of Edmonton. The bid received—\$2,547,442—was about one-half million dollars less than the University's original estimate of the cost of the building.

Since the classroom and office space which this building will provide is urgently needed by September 1, 1970, a method of planning and contracting was used which will enable construction and detailed design to go on concurrently.

Prime Consultant H. J. RICHARDS and sub-consultants Vinto Engineering and Allsopp Morgan Engineering, all of Edmonton, produced the schematic design of the building. From this design, contractors were presented performance specifications and space requirement outlining the things the building must do, its general size, and its appearance and contents.

The contractors with their teams of architects, engineers, and other specialists, proposed in their bids the kinds of building systems and structure which would be both functional and economical and still meet the deadline.

The type of proposal call used made it possible for contractors to make use of their construction expertise in cost control and construction methods.

The building will provide 153,000 gross square feet of space in offices, classrooms, a major food facility, and lounge and study areas. It will also be a major pedestrian link between the Chemistry and Engineering buildings and the Cameron Library. It will provide much needed space for various departments while their permanent quarters in new buildings are under construction. The cost of the space under the winning contract—approximately \$16.70 per square foot—is comparable to that of a commercial office building.

## PEOPLE

JOSEPH R. ROYCE, Director of the Center for Advanced Study in Theoretical Psychology, was an invited participant in a symposium on "Models of Personality Theory" at the 29th International Congress of Psychology held at the University of London from July 27 to August 2. Dr. Royce presented a paper on "Psychobiological Aspects of a Multi-Factor Theory of Individuality." Prior to the Congress, Dr. Royce was guest lecturer at several European Universities, including the University of Berne, Konstanz University, and the Max Planck Institute of Psychiatry in Munich.

ALEXANDER R. ROBBLEE, Professor of Animal Science, has been admitted as a Fellow of the Poultry Science Association at the annual convention of the Association at Colorado State College in Fort Collins, Colorado from August 4 to 8. The 1,200-member association awarded its highest honor for Dr. Robblee's long time and steady contribution to Poultry Science.

From June 10 to 29, LESLIE R. GUE, Associate Professor of Educational Administration, visited Thailand to conduct a follow-up evaluation of the Faculty of Education Thailand Project program. Dr. Gue visited 13 operating Project schools and three orientation sessions, and interviewed 61 of the 71 first and second group returnees.

H. R. MACLEAN, Dean of Dentistry, was installed as President of the 6,000-member Canadian Dental Association at its annual meeting in Montreal in June. The national organization has representative governors from each of the ten provinces.

LEONARD D. NELSON, Professor of Elementary Education, presented a paper on "Mathematics Laboratory Procedures for Upper Elementary School Students" at the summer meeting of the National Council of Teachers of Mathematics in Billings, Montana, from August 18 to 20.

A. G. PERRONI, Associate Professor of Business Administration and Commerce, was awarded the Newcomen Award in Business History by the Newcomen Society of Downingtown, Pennsylvania. The award is given in recognition of contributions to the cause of material history. The Newcomen Society, founded in 1923 to study material history as distinguished from political history, has 17,000 members and a staff of 14 business and professional men in the United States and Canada.

JUANITA CHAMBERS, Associate Professor of Educational Psychology, has been awarded a Canada Council Travel Assistance Grant to attend the Fourth International Seminar on Special Education from September 9 to 12 in Cork, Ireland. Dr. Chambers has been invited to present her film "Troubled Children" at the seminar.

Dr. Chambers has also been invited to serve on the editorial board of the *Western Psychologist*, the official journal of the Psychologists' Association of Alberta, on whose council she serves as Chairman of Ethics.

DONALD R. CAMERON, Associate Professor of Educational Psychology and Director of the Center for the Study of Mental Retardation, organized and acted as Chairman for the first meeting of the Provincial Professional Advisory Council on Mental Retardation at a two-day seminar in Banff. The seminar was held to give leaders at the three Alberta universities, developing research centres, provincial government organizations, and private associations, an opportunity to exchange views and to develop a co-ordinated approach to research and services for the mentally retarded in Alberta.

Dr. Cameron also participated in the initial meeting of the Canadian-United States Joint Study Group on Mental Retardation, a seminar designed to explore current and potential resources and possible innovations to improve the acute shortage of professional and sub-professional personnel serving the intellectually subnormal.

PAUL W. KOZIEY, Assistant Professor of Educational Psychology, conducted a four-day Human Relations Seminar for 30 representatives of youth-serving agencies from the County of Red Deer, from June 12 to 15. The program was sponsored by the Department of Youth.

At the Graduate Christian Fellowship Conference at Geneva Park, Ontario, from August 16 to 23, DONALD C. FAIR, Associate Professor of Educational Psychology, presented a paper on "The Role of Communication Between Persons in the Life of the Community."

WILLIAM D. KNILL, Professor of Educational Administration and General Editor of Educational Administration Abstracts served as chairman of the EEA Editorial Commission for the University Council for Educational Administration at the National Conference of Professors of Educational Administration in San Diego, August 20 to 26.

## VISITORS

FLORA MACLEOD, Assistant Director of the Calgary Public Library, has been granted a leave of absence in order to accept an appointment as a visiting member of the School of Library Science during the fall term. Miss Macleod will be teaching Building Library Collections and Adult Materials, two courses which will make use of her experience in library work.

On August 14, CHRISTIAAN J. SNIJDERS, a scientific staff member of the Eindhoven University of Technology, was an invited visitor to the Department of Electrical Engineering. He presented a lecture on the form of the human spine and some aspects of its mechanical behavior.

# Staff appointments

The following pages contain a partial listing of promotions and retirements on the academic staff, complete as of August 31. Issues in the near future will include lists of new appointments, resignations, leaves, and further promotions and retirements.

## NOTICES

### BOARD OF GOVERNORS COMMITTEE ON SUPPLEMENTARY REMUNERATION AND INCOME

The Board of Governors has constituted an *ad hoc* committee to advise the Board on policy governing business activities, other than private investments, or employment beyond the normal responsibilities to the University of any full-time member of the academic staff. This includes contracted research work or consulting work.

The members of the *ad hoc* Committee of the Board of Governors on Supplementary Remuneration and Income are the following:

JUDGE B. C. WHITTAKER (Chairman)

H. T. COUTTS, Dean of Education

JAN DEJONG, Graduate Students Association

MRS. D. MCCULLOCH

L. MAYNARD

D. G. TYNDALL, Vice-President (Finance & Administration)

The Committee will receive written submissions on the matter from the University community, and will conduct hearings. Requests for submissions will be sent to the Senate, to the General Faculty Council, to the Association of Academic Staff University of Alberta, to the Students' Union, to the Graduate Students Association, and to the Alumni Association. Requests also will be sent to deans and directors and chairmen of departments. A series of notices in FOLIO will be used to draw the attention of other interested faculty members to the Committee's role.

The Committee is not constituted to deal with complaints against individuals who may be doing additional work outside the University.

Written submissions are requested by September 30, 1969. These submissions should be forwarded to JOHN NICOL, Secretary to the Board of Governors, Room 301, University Hall. Ten copies of each submission are requested.

## FACULTY HOUSING

The Housing and Food Services Office has been advised that faculty members may rent apartments in Strathcona House *without* signing a lease. Strathcona House normally asks tenants to sign lease agreements. It is located east of the campus, at Saskatchewan Drive and 109 Street.

## SUMMER OFFICE HOURS

The General Faculty Council has agreed that during 1970 summer office hours should be observed during the months of June, July, and August. They will be 8 a.m. to 4 p.m., with lunch from 11:30 a.m. to 12:30 p.m.

## UNIVERSITY SINGERS

The University Singers will hold the first meeting of the 1969-70 season at 8 p.m. on Tuesday, September 16 in Room 345 of the Agriculture Building. Informal auditions for new members will be held September 16, 23, and 30, and all interested persons are invited to attend. The group is directed by SANDRA MUNN, Assistant Professor of Music.

## STREET CLOSED

On September 12, 114 Street from the Administration Building to the entrance of the parking lot behind University Hall, and 89 Avenue from the Medical Sciences Building to the west end of the Students' Union Building, will be closed to traffic from 6 p.m. to 2 a.m. for the Steer 'n Stomp Dance, part of Freshman Introduction Week.

## SPEED READING COURSES

The Department of Extension will again offer two classes in reading efficiency, designed to increase overall reading efficiency by improving rapid reading skills and the ability to remember what has been read. The course is open to all who read at the seventh grade level or higher.

Section I, with PAUL KOZIEY, Assistant Professor of Educational Psychology, as instructor, will meet on eight Wednesday evenings, commencing September 10, from

6 to 8 p.m., in the Education Building. Section II, under DAVID PALEY, a graduate student in Educational Psychology, will meet for eight Monday evenings, commencing September 15 from 8:40 to 10:30 p.m. in the Education Building.

Fees for both sections will be \$40. Additional information may be obtained from the Department of Extension.
